## Workshop Testimonials

### A Holistic Approach to Business Success!

**~ Fred A. Brackmann, Chair, Vistage Advisory Board 2164**

*"Please accept my sincere thanks for your excellent presentation "BOLD LEADERSHIP" at my recent Vistage CEO Advisory Board meeting. Your Book and the well designed workshop urged us to be aware of and use the important leadership skills we all think we 'know' but often fail to 'do'. Your presentation skills are among the best I've seen, and many of my members have reported back to me that they are already using some of the ideas and techniques you discussed. More impressive to me, though, is the fact that at least one of my members has contracted with you to assist them in working with them to improve his business."*

**~ Bob Kissel, President, KDM P.O.P. Solutions Group**

*"The BOLD Leadership workshop is very powerful with many takeaways you can apply not only in business, but in your personal life as well. It demonstrates a very simple approach of being positive, always think of great things and those things seem to come to fruition. It also covers life/balance and the importance of concentrating on strength not weakness. It addresses the human side and personal side of the business and building a team with support, direction, personal involvement and overall a positive approach."*

*"Jane Schulte's work is enlightening, inspiring and generous in its "how-to." BOLD Leadership is a new field guide that offers a better way to grow. Kindness and respect are now part of business principles. This is attractive, compelling and its arrival is perfect timing. This is how ALL people want to be treated, lead and inspired. Jane's stimulating book cuts through the clutter and shows the way!"*
