

# BEFORE & AFTER

## CITY OF FORT WRIGHT

We could not be more pleased with the new City of Fort Wright website! PRISM Consulting did a great job and we were happy to work with one of our own Fort Wright businesses on this project. From start to finish, PRISM made the process seamless and efficient. They were able to take an outdated and complicated website and turn it into something fresh and easy to navigate. Citizens and local businesses, as well as those looking to bring their businesses to Fort Wright, can now visit our website and easily find the information they are looking for. We have already received numerous comments on its great design!
